Since the efficiency and productivity of these dispensers is a result of the unique control of the label advancing by the limit switch, we only recommend a foot switch as an alternative method of advancing the labels when the labels do not have sufficient body to activate the limit switch. A foot switch is available at \$49.00 when needed.

A full 3 year warranty covers each unit against manufacturing defect. We provide full service and parts at our plant if needed. Only limited service is ever necessary.

All units shipped with 21 day approval period. You may return without obligation within 21 days of receipt of the item.
